Planting Recommendation:
For the fruit tree idea, with the criteria of high-yield/low maintenance, I would recommend with Polo apple trees or Italian plums. A 35 ft. spacing would allow us to plant four trees, but it looks like the center tree would be interrupted by a sewer line. Although I did not indicate this on the plan mark-up, it sounded like the consensus for the ground plane plantings was to leave it as turf and to plant bulbs (daffodils, tulips, and crocuses).
50th Place Detention Pond Retrofit: Planting Option 1 & 2:

North Pole Apple Trees

Italian Plum

Sunset Maple

Option 1:
Wood Fence around Pond, & Street Trees with Ground Cover or Lawn Along 50th Place.

Option 2: Other Choice by Adjacent Homeowners.

Preliminary – Concept Planting Plan – April 2013
50th Place Detention Pond Retrofit: Planting Option 3:

**Cistus “Blanche”**

**Calamagrostis “Karl Foerster”**

**Lavandula X Intermedia; “Grosso”**

**Sedum X “Autumn Joy”**

**Stipa Tenuissima**

**Option 3**: Wood Fence Around Pond and Follow Same Planting Palate as 88th Street Detention Pond Street Frontage.
