RE: Project Name: American Tower and AT&T Wireless Communication Facility and Conditional Use Permit
Proponent: Sunny Ausink of Glotel representing American Towers LLC and AT&T on behalf of Richard and Anne Marie Farley
File No.: WCF 2014-004

Dear Ms. Ritter:

Thank you for providing the Mukilteo Water and Wastewater District (District) the opportunity to comment on this project. The actual 50'x50' leased area for the proposed 125 foot monopine/monopole wireless facility does not directly affect any District facilities. However, the access and utilities, as proposed to serve the facility, are in the vicinity and appear to cross the District's existing water and sewer facilities. Coordination with the District for locating and ensuring they are not damaged during construction will be needed. Once again, thank you for providing the District the opportunity to comment on this project.

Sincerely,

Jim Voetberg, General Manager
Mukilteo Water and Wastewater District

Dear Ms. Ritter:

Reference Number: WCF 2014 004 American Tower & AT&T Wireless

District DR Number: 14-099

The District presently has sufficient electric system capacity to serve the proposed development. However, the existing District facilities in the local area may require upgrading.

Cost of any work, new or upgrade, to existing facilities that is required to connect this proposed development to the District electric system shall be in accordance with the applicable District policy. The developer will be required to supply the District with suitable locations/easements upon its property for any electrical facilities that must be installed to serve the proposed development. We recommend contact with the District prior to design of the proposed project.

For information about specific electric service requirements, please call the District’s Everett office at 425-783-8272 to contact a Customer Engineer.

Sincerely,

[Signature]

Subject: Mukilteo Request for Comments - American Tower and AT&T Wireless Communication Facility and Conditional Use Permit -

**REQUEST FOR COMMENTS**

NOTE: A hard copy of this request will not be mailed. In an effort to reduce cost and staff time, the City of Mukilteo will now be notifying you of projects via e-mail. Please let us know if there is a different e-mail address we should be using.

File No.: WCF-2014-004
Proponent: Sunny Ausink of Glotel representing American Tower LLC and AT&T on behalf of Richard and Anne Marie Farley
Location: 2605 Mukilteo Speedway
Project Description:

Install a 125 foot monopole, an equipment shelter and a backup generator within a 50'x50' leased area. The monopole is designed to accommodate AT&T and at least two additional wireless providers. The leased area will be surrounded by a 6 foot wood fence with 10 feet of landscaped buffer. The monopole will incorporate monopine concealment technology to disguise the pole as a coniferous tree.

Attached please find the following documents for the project:
1. Request for Comments
