Signature: Applicant _____ Date _____

Submittal Requirements:

- Application form (completed and signed)
- Snohomish Conservation District Technical Letter for keeping chickens (must be specifically for the address the license is for)
- Site Plan which shows:
 - Property lines
 - Existing structures on site and on adjacent lots
 - Location of fenced enclosure
 - Location of coop within fenced enclosure
 - Dimensions of fenced enclosure and coop
 - Distance of fenced enclosure from property lines, structures and houses on adjacent lots

Enclosure requirements:

- In back yard only
- Not in a critical area or buffer
- Minimum 15' from all property lines
- Minimum 25' from neighbors dwelling units
- Must be fully enclosed with a sturdy fence 4-6 feet high. Can't just be a chicken wire fence, needs to be stouter. Bottom of fence needs to be partially buried.
- At least 10 sq. ft. per chicken; no maximum size

Coop requirements:

- Must be within enclosure
- Minimum 5' from all structures, including decks
- Maximum height = 12'
- Maximum area = 120 sq. ft.
- Solid roof, walls and door (door must be able to be latched at night)
